There were few people who knew what was passing who did not draw a long breath of relief when the red flag was well out of sight up the river.—Sentinel.

—The beautiful Mound Cemetery is one of the very prettiest spots in Ohio, and is, because of the mound, unique. We would suggest, however, that the big, unsightly fence be removed, so that the grounds may be in plainer view of the passers-by. Council Proceedings.
Council met in regular session Tuesday evening with nine members present.

Building permits were granted on Fourth and Marion and Third and Greene streets to Jacob H. Dye; on Seventh street between Putnam and Butler to Hathaway and Turner, and on Washington, near Third, to Harry Otto.

Fire Chief Alderman reported cancellation of order for Greely fire alarm boxes, on account of inferiority, and recommended the purchase of six Gamewell boxes, similar to those now in use. Upon motion the Chief was instructed to secure a sample of the Gamewell \$100 box and test the same.

In the matter of the right of way asked by the United Terminal Railway Co., an amended ordinance was submitted changing slightly the route proposed so as to avoid a bad crossing where the C. & M. tracks cross Fourth street and also avoid the property of the Greene street school building. The new line passes out Butler to Fourth, entering the College Athletic grounds at the corner of Butler and Fourth, curving southward and crossing Greene at Fifth. The railroad committee reported in favor of granting the right of way asked in the amended ordinance which was read by the Clerk. Upon motion the ordinance was referred back to the committee, Engineer and Solicitor.

The City Engineer read a resolution appointing City Clerk Becker to serve paving notices on residents on Third street, which was adopted. Another resolution was also adopted instructing the City Clerk to notify owners of lots on Third street to put in sewer and water connections inside of 30 days from date of notice.

The Paving committee reported in favor of taking up the question of paving Fourth street and instructing City Engineer to prepare plans.

Upon motion of Mr. Peters it was decided to take up the matter of paving Second street also.

By resolution the city subscribed \$300 to the boiler works subscription, to be paid out of the Building fund.

An ordinance was presented and read establishing grades on Wayne and Sixth streets. Under suspension of the rules the ordinance was passed to the second and third readings and adopted.

The usual number of bills were allowed and Council adjourned.

A Valuable Prescription.
Editor Morrison, of Worthington, Ind., "Sun," writes: "You have a valuable prescription in Electric Bitters, and I can cheerfully recommend it for Constipation and Sick Headache, and as a general system tonic it has no equal." Mrs. Annie Stehle, 3025 Cottage Grove Ave., Chicago, was all run down, could not eat nor digest food, had a backache which never left her and felt tired and weary, but six bottles of Electric Bitters restored her health and renewed her strength. Price 50 cents and \$1.00. Get a Bottle at W. H. Styer's Drug Store.

The London Globe relates a story of an old Hampshire peasant farmer who came to town to buy a hat, and was requested to look in the glass to see if the hat suited his taste. The customer stood before the glass as though fascinated by his reflected image. Presently he slowly inquired: "Wull—is—that-me?" "Of course it is, your honor," was the shopman's reply. "Why, don't you know yourself?" "I be 60 years old," said the ancient, after another pause, "and I dunno as ever I see my face afore!" And when his purchase completed, he turned to depart, he walked up to the looking-glass again, saying: "I'll take just one more look at meself, for I dunno as ever I shall ha' the chance again."

The World's Fair Tests
showed no baking powder so pure or so great in leavening power as the Royal.

Ohio vs. Jas. G. Lowe.
The trial of the case of Ohio vs. James G. Lowe, indicted for obtaining money by false pretense, was finished in Common Pleas Court Tuesday, having been begun Monday afternoon. A large number of witnesses were examined and the case was stubbornly contested at every point. Judge Sibley delivered his charge to the jury at four o'clock Tuesday afternoon.

Mr. Lowe is a resident of Morgan county, living near Meigsville. A few years ago he borrowed a sum of money from Alonzo Hall, giving a mortgage on his farm in Morgan county, and it was alleged that he secured the money by falsely representing the farm to be unencumbered, when, as a matter of fact, it was already under mortgage.

After being out a few hours the jury arrived at a verdict about nine o'clock Tuesday evening. They found the defendant guilty. Lowe's attorneys gave notice of a motion for a new trial.

Found the Yarn Factory.
In the town of B—, Connecticut, there is a factory where yarn is made. A stranger, approaching the town one day in a buggy, pulled up his horse and accosted a farmer who was digging potatoes on the other side of the fence. "Can you tell me where the yarn mill is?" inquired the stranger. "Certainly," was the reply. "Keep straight on until you come to the drinking fountain. Right opposite is a wooden block with three doors. The middle door is the one you want." "Thank you," said the stranger, and drove on. In due time he came to the fountain, and sought the middle door of the wooden block, and it let him upstairs to the office of the local newspaper. The other yarn factory, the one which he was looking for, lay half a mile beyond.
